

PILSEN — Data Maturity Report

Assessment generated: 2026-09-11 00:05:45 UTC

transit_stops shp — 710 records

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.

municipality_parts shp — 25 records

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.

municipal_districts shp — 10 records

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.

greenways shp — 112 records

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.

libraries shp — 46 records

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.

land_use_zones shp — 334 records

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.

heritage_monuments shp — 1491 records

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.

artworks shp — 397 records

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.

trees shp — 48354 records

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.

parking_zones shp — 339 records

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.

parking_areas shp — 118 records

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.

natural_parks shp — 1 records

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.

recreational_areas shp — 12 records

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.

recreational_regulation shp — 158 records

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.

Completeness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Accuracy	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Consistency	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Timeliness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Uniqueness	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Lineage	RED	AI analysis could not be completed. The report will refresh on the next generation run.
Governance	RED	AI analysis could not be completed. The report will refresh on the next generation run.
